*Re: Kudaka and Associates
Private Investigation Firm*

To Whom it May Concern:

It is a pleasure to provide a recommendation regarding Kudaka and Associates, a private investigation firm, and Maki Kudaka, a private investigator.

I have been in practice for 30 years and have employed, over the years, multiple private investigators for general investigations, witness interviews, location services, asset searches and report, process and other court services.

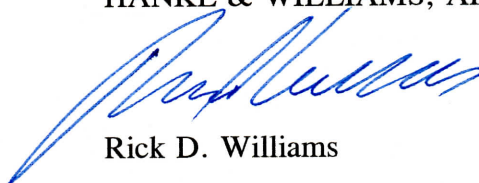

I have had the opportunity over the past year to use the services of Kudaka and Associates. Ms. Kudaka was very effective and has a wealth of resources which she uses in her investigations. She submitted flawless quality reports in a timely manner and in an exemplary way. Ms. Kudaka demonstrates unparalleled integrity and competency.

Most recently we used Ms. Kudaka's services to locate a recently disbarred attorney, which our former investigator could not locate in over a year's time. Ms. Kudaka was able to locate this person of interest within 2 days. Not only was I impressed, but more importantly, I had a very happy client.

I would be glad to answer any of your questions and can assure you that I highly recommend Kudaka and Associates.

Yours very truly,

HANKE & WILLIAMS, APC
